

The Voice of Senior Executives

SENIOR
EXECUTIVES
ASSOCIATION

For over 40 years the Senior Executives Association (SEA) has been the consistent voice for career leaders – whether in front of Congress, the Administration, or across the Executive Branch – advocating for good government solutions to the challenges facing leaders.

The SEA is guided by dedication to public service and to helping career Federal leaders better serve the American people.

SEA members are part of a movement to transform government through the 21st Century and to empower senior leaders to drive change. Some of our many accomplishments on behalf of our SES members include the following:

- ✓ Successfully prevented **The STOCK Act Internet Posting Provision**
- ✓ Secured the introduction of the **SES Reform Act**
- ✓ Secured passage of legislation **to Credit FERS Employees for Unused Sick Leave**
- ✓ Pushed legislation to allow agencies to **Reemploy Annuitants Without Penalty to their Annuity**
- ✓ Protected Senior Executives in **Whistleblower Reform Legislation**
- ✓ Successfully **Fought to Provide SL/STs with the same benefits enjoyed by members of the SES**

Our Mission

The Senior Executives Association is a professional association that: (1) promotes good government initiatives and practices that empower senior executives and federal leaders for mission success; (2) advocates for legislation and policies in the interests of the federal career senior executive service; (3) facilitates networking opportunities for, and with, federal governmental leaders, and (4) connects current, rising, and aspiring leaders with continuous professional development opportunities.

I joined the SEA because of its robust advocacy program that educates and amplifies the concerns of the SES Corp. The reality is, the SES needs a voice so that we can continue to serve our country without unnecessary and prohibitive limitations."

Kevin Werner
SEA Policy Committee Chair

The SEA has given me the opportunity to network with colleagues across the government through its committees and Communities of Practice."

Dr. Glenda Arrington
